To Whom It May Concern,

I am writing this letter of application, in hopes that you will consider me as a candidate to serve as AASB District 2 Director. I have resided and been employed in the Bibb County Community for over 19 years. My children are involved in community sports and activities, I serve as an active member of Six Mile Baptist Church, and I have served with the Cahawba Junior Women's Club for approximately 10 years. My husband attended Bibb County schools and obtained all of his primary and secondary education in Bibb County schools and all four of my children will receive all of their primary and secondary education in Bibb County schools.

Per my recent review of the Alabama Association of School Boards, the state of Alabama as a whole has significantly lower scores than the national public. My desire is that Alabama schools will not be a part of this statistic in the near future. As a mother of four children who attend rural public schools, my goal is to lean into and address the needs of Alabama public schools. I feel that we need to frequently visit our strategic plan, address what isn't pushing us towards a better future and implement and execute strategies that will. We need to learn from others and educate ourselves, first and foremost. This will mean that we will need to submerge ourselves into our local schools and stand on the frontlines for our children. I feel that we need to give them the opportunity to thrive. My goal as an elected AASB District 2 Director will be to listen, learn and apply. I vow to educate myself regarding the needs of our district and I am committed to helping the Bibb County Board of Education, District 2 and Alabama schools be the absolute best that they can be.

I joined the board as an appointed board member in November 2020 & was elected in November 2022 to serve another 6 years for our local school board. I currently serve as our BOE President. In my short time of service, I have attended almost every training session, if not all of the offered training sessions, so that I could educate myself and bring value to my board, which ultimately brings value to our children. I look forward to expanding my knowledge and serving you, District 2.

Thank you in advance for your consideration,

Camille M. Gibson
